

Minnesota Office of Higher Education

FINANCIAL AID BASICS

How do I pay for college?

If you think you can't afford to go to college, think again! Financial aid has helped millions of students pay for their education beyond high school.

*Fill out just one application — at www.fafsa.gov —
to determine your eligibility for multiple forms of financial aid.*

How do I apply for financial aid?

To apply, you must complete the Free Application for Federal Student Aid (FAFSA). The application is available October 1st online at www.fafsa.gov and is used to apply for a Minnesota State Grant, a Federal Pell Grant, the Minnesota Indian Scholarship, a Direct Loan, and many other financial aid options available at individual colleges. The form requires you to submit information about your and your family's income and assets.

Undocumented and DACAmented students qualifying under the MN Dream Act can apply for state financial aid by accessing the online MN Dream Act - State Financial Aid application.

- To be eligible for the MN State Grant, the application must be submitted no later than the 30th day of the term.
- The results of the application can also be used to qualify for in-state tuition rates and state financial aid.
- Some colleges and universities may have scholarships available to students regardless of immigration status.
- It's important to check with the campus that interests you to learn more about possible (school-specific) scholarship opportunities.
- Minnesota offers a loan program called the SELF Loan, which is available to students regardless of immigration status.
- A separate application is used to apply for the SELF Loan, available through the college's financial aid office.
- Co-signers for the SELF Loan must be a permanent resident or U.S. citizen.
- The MN Dream Act application should be submitted once for each academic year the student is enrolled in college.

Undocumented and DACAmented students qualifying under the MN Dream Act can use the state financial aid application available at: www.ohe.state.mn.us/MNDreamAct

Applying for financial aid does not cost anything. By applying, you do not commit yourself to attend any college.

**Visit www.ohe.state.mn.us/paying
for a more extensive list of options to pay for college.**

FIVE Basic Steps

to apply for financial aid

1. Apply for admission to one or more colleges.
2. Apply for financial aid at www.fafsa.gov using the Free Application for Federal Student Aid (FAFSA) after October 1. **Undocumented and DACAmented students should use the state financial aid application (MN Dream Act)**, available at www.ohe.state.mn.us/MNDreamAct instead of the FAFSA.
3. Apply for scholarships and grants offered by the state, colleges, and other sources. Ask for applications or find them online. Check out the free online scholarships sites such as www.fastweb.com to search for private scholarships.
4. Receive college admittance letters (timing varies).
5. Receive letters from colleges outlining your financial aid eligibility (usually March 1 or later, depending on when you submitted your FAFSA or MN Dream Act Application), and respond accordingly.

What Types of financial aid are available?

Financial aid comes in several forms:

1. Need-based grants from federal and state governments that you do not have to repay;
2. Work-study jobs, either on or off campus, that enable you to earn money to help pay the cost of attending college;
3. Tuition reciprocity provides reduced tuition for Minnesota students attending public colleges and universities in North Dakota, South Dakota, Wisconsin, Manitoba and one college in Iowa;
4. Scholarships and educational benefits for students with special circumstances and abilities. Examples include child care assistance; military benefits; merit aid for good grades and academic achievement; or scholarships based on race, ethnicity, special talents, or life circumstances;
5. Loans from federal and state governments or private entities that must be repaid with interest;

Contact each college you are considering to find out about special assistance and scholarships.

7 Ways to Earn College Credits in High School

High school students may be able to earn college credit while in high school. Most of these programs are free, but not all programs are available in all schools. Participation may also require a certain academic standing. Check with your school counselor.

- 1. Advanced Placement (AP)** is offered at many schools. These are college-level courses in English, history, humanities, languages, math, psychology, and science and more. Classes are taught at your high school. You can earn college credit if you score high enough on a fee-based exam. It is free for low-income students in Minnesota.
- 2. Concurrent Enrollment (CE)** is often referred to as “College in the Schools (CIS)”. CE offers college-level courses at your high school through partnerships between high schools and local colleges and universities. These courses are free to the student. Students earn both high school and college credit by successfully completing the course. Taught by qualified high school teachers, faculty, or team-taught by both.
- 3. International Baccalaureate (IB)** is a two-year pre-college diploma program offered at some high schools. You must pass a fee-based exam in each of six subject areas (your primary language, a second language, mathematics, experimental sciences, the arts and humanities) in order to potentially earn college credit.
- 4. Postsecondary Enrollment Options (PSEO)** allows students in grades 10 through 12 to take college courses at a Minnesota college, university, or online. Students attend class and complete the same assignments required of regular college students. State funds cover the cost of tuition, books and lab fees. Students earn both high school and college credit for successfully completing courses. Transportation funds are available to help students from low income families get to a campus for PSEO courses. The law says schools must allow students to use their computers and wifi to take courses. Early/Middle College part of PSEO allows many who don't meet typical admission requirements to participate. Learn more at <http://www.ohe.state.mn.us/sPages/collegeCreditHS.cfm>
- 5. Summer Programming** is offered by some colleges and allows eligible high school students to earn college credit through summer camp instruction.
- 6. Project Lead the Way (PLTW)** is a provider of hand-on science, technology, engineering, and math (STEM) programs using an interdisciplinary framework. This experience requires students to take a fee-based exam. Not all colleges accept credit from PLTW.
- 7. College-Level Examination Program (CLEP)** offers students a chance to earn college credits based on what they already know. CLEP exam-takers include adults just entering or returning to school, military service members, current high school students, and traditional college students. CLEP exams are fee-based in various subject.

4 Reasons you should go to college

1. Knowledge

A college education teaches you to think critically and abstractly, to express your thoughts and opinions, to weigh options and make informed decisions.

2. Potential

College brings you a world of information as you explore your interests, and helps you understand the issues that connect communities, the nation and the world.

3. Opportunity

Critical thinking and new technology skills are vital for success and advancement in today's workforce and provide you with more career and job options.

4. Income

A person with a college degree typically has a higher income and is less likely to be unemployed or underemployed than someone with less education.

How much does college cost?

Cost of Attendance varies from college to college but generally it includes your financial aid package, tuition and fees, room and board, books and other expenses. These costs are all taken into account when the college determines your financial aid award.

State College - Off campus, not living at home* Total: \$19,451

*Tuition and fees vary slightly among individual state universities and state colleges. Charges are the weighted average.

**Charges are for the largest program at the institution if program based.

***Charges are a weighted average tuition for all programs offered at the institution

 Room and board and other expenses for 2018-2019.

Source: Minnesota Office of Higher Education for tuition data; U.S. Department of Education, IPEDS Institutional Characteristics Survey for other data

Are there tax benefits for going to college?

Yes. Federal tax benefits can help offset the cost of attending college.

Benefits include:

- **American Opportunity Tax Credit:** For tax year 2019, you may be able to claim a tax credit on your federal tax return of up to \$2,500 for each eligible student.
- **Lifetime Learning Tax Credit:** For tax year 2019, you may be able to claim a tax credit of up to \$2,000 for qualified tuition and related expenses per family.
- **Student Loan Interest Deduction:** You may be able to deduct interest on student loans for yourself, your spouse or other dependents. The maximum deduction cannot exceed \$2,500 on your federal tax return.
- **Employer-paid Tuition Assistance:** Some employers offer tuition and fee reimbursement. As a student, you may receive up to \$5,250 of education benefits tax free from your employer each year. Generally, you must pay tax on any amount of education benefit received from your employer that exceeds \$5,250 for the year.

For additional information on federal tax benefits, consult the Internal Revenue Service website at www.irs.gov and see Publication 970 or call (800) 829-1040.

About the Minnesota Office of Higher Education

The Minnesota Office of Higher Education is a cabinet-level state agency providing students with financial aid programs and information to help them gain access to postsecondary education. The agency serves as the state's clearinghouse for data, research and analysis on postsecondary enrollment, financial aid, finance and trends.
